

## Dr. Vineet Malhotra

[M.B.B.S, M.S, D.N.B (Urology)]

I am currently working as a Consultant Urologist and Andrologist at Nova Specialty Surgery, New Delhi where my job description requires me to independently run the urology units at these hospitals and perform various endourology, andrology, reconstructive and laparoscopic procedures. I have been associated with the department of urology for the last eleven years and have been exposed to different practice methodologies. I have a special interest in recent advances in minimally invasive procedures in urology.
